

**Motion from CUE re: Changes to BS in Engineering Science
Approved by the Faculty Senate
29 September 2016**

CUE motion – September 2016

The committee unanimously approved changes in the curriculum for the BS in Engineering Science.

Summary of changes in BS ESC curriculum

1. Total number of credit required for graduation is still 127. The credits are rebalanced for some of the semesters.

Semester	Current Curriculum	Proposed Curriculum
1	16	17
2	19	18
3	13	16
4	13	16
5	15	15
6	18	15
7	18	15
8	15	15

2. In the current curriculum, there were two English Composition and Cultural History (lower-level): GUR Electives. The proposed curriculum replaces one of them with Social Science (lower-level): GUR Elective.
3. Replaced “electives and science/engineering” with engineering science electives.
4. Replaced Math 211 with Math 211 or Math 213
5. Replace CS 101 with CS 101 or CS 106 or CS 115
