

## Emergency Financial Aid Grants (CRRSA) FAQs

### How do I apply for Emergency Grant funding?

Please complete the Emergency Grants Fund [form](#).

### Can I apply for the Emergency Grant funding more than once?

Yes, but subject to grant availability and after other students who have not been awarded are provided the opportunity to apply.

### What are the qualifications to receive funding via the CRRSA Act?

All NJIT students with exceptional need and other emergency needs related to the COVID-19 pandemic. Such needs may include emergency expenses including any component of the student's cost of attendance (tuition, fees, room and meals, books/supplies, transportation and other miscellaneous), or emergency costs that arise due to COVID-19 and as of March 13, 2020 (including tuition, food, housing, healthcare and childcare). Pell recipients with balances will be prioritized in the awarding process, followed by other eligible students. This program also allows those who are FA Title IV eligible and are in non-credit or continuing education programs.

### Do I need to attach any supporting documentation to my application?

Students are encouraged to submit supporting documentation as applicable and as best as you can although it is not required.

### Are DACA or international students eligible for this grant?

Unfortunately, the legislation excludes DACA and students are not eligible non-citizens. However, you may apply for the [Highlander Emergency Grant](#).

### If approved, how much will I receive and when can I expect to receive my funding?

Fund amounts varies and are on a case-by-case basis but may not exceed the maximum Pell award amount (\$6,345 for 2020-2021). If your application is approved, and you are signed up for direct deposit, the funds will be on your account as soon as it is posted. If you are not set up for direct deposit, a paper check will be mailed in a few weeks. We encourage all students to sign up for direct deposit by following the instructions on the Bursar's website. Students who elect to use funds to pay for tuition and fees and other expenses on the bill such as housing and meals will be used to pay those charges and no refund will be issued.

### Can I apply the Emergency Grant funds to my existing balance at NJIT?

Yes, funds can be used towards your tuition and fee expense but you must specify that on your application.

### Can I use emergency funds to cover housing and meal expenses even though these charges are already covered by my scholarships?

No, funds cannot be used to duplicate a benefit student is already receiving from a scholarship.

### **Do I need to file a 2020-2021 FAFSA and be a financial aid recipient in order to receive funding via the CARES Act?**

Current legislation does not require that you file a 2020-2021 FAFSA. However, students are highly encouraged to file a 2020-2021 FAFSA so need can be adequately assessed. In lieu of a FAFSA, a student's self-attestation on the application will be used to assess need.

### **What type of expenses are covered?**

Any component of the student's cost of attendance (tuition, fees, room and meals, books/supplies, transportation and other miscellaneous), or emergency costs that arise due to COVID-19 and as of March 13, 2020 (including tuition, food, housing, healthcare and childcare). Under books/supplies, technology costs such as a computer, printer, and webcam can be covered.

### **Can I request funds to cover a past balance from Fall 2019?**

No, only balances incurred as of the pandemic date of March 13, 2020 and other emergency costs that arise due to COVID-19 are allowed.

### **Are rental or mortgage expenses considered as part of the CARES Act funding?**

Funds can be used to cover any component of the student's cost of attendance (tuition, fees, room and meals, books/supplies, transportation and other miscellaneous), or emergency costs that arise due to COVID-19 (including tuition, food, housing, healthcare and childcare). Since rental or mortgage payments are valid components of the student's cost of attendance funds can be used to cover the expense but not to exceed the Pell amount threshold of \$6345.

### **What if I have emergency expenses that are not part of my cost of attendance?**

Funds can be used to cover any component of the student's cost of attendance (tuition, fees, room and meals, books/supplies, transportation and other miscellaneous), or emergency costs that arise due to COVID-19 (including tuition, food, housing, healthcare and childcare).

### **If I lost my job, can I apply for the Emergency Financial Aid grant?**

Yes, you can apply to cover expenses part of your cost of attendance (tuition, fees, room and meals, books/supplies, transportation and other miscellaneous), or emergency costs that arise due to COVID-19 (including tuition, food, housing, healthcare and childcare). Under books/supplies, technology costs such as a computer, printer, and webcam can be covered.

### **If I received CARES Grant funds to cover technology expense such as a computer, can I request emergency funds to cover technology expenses again?**

You may request to cover technology expenses so long as it is not an expense already covered (such as a computer) under the CARES grant previously received.

### **Can I apply to cover more than one expense?**

Yes, but it is not guaranteed that you will receive the funds for all expenses as it depends on the amount available as well as the Pell grant threshold. On the application, you will be requested to prioritize your expenses to be covered.

### **If I am enrolled in an online program and taking online courses this semester, can I apply for the Emergency Financial Aid grant?**

Yes, you can as there are no restrictions related to distance education.

### **What if my application gets denied for the Emergency Grant funding?**

Other relief grants will be provided to the extent possible in cases where students do not meet the general guidelines.

### **What if I am getting an error message trying to access the application?**

The application can be opened only using your UCID account. If you get an error while opening the application form, please try the following ways to access the form:

1. Open the application in different browser where you are not already logged into any email account.
2. Close all the email accounts and only have NJIT email account open in the browser.

### **How will I receive my funds?**

We encourage you to sign up for Direct Deposit using a valid checking account number. This is the fastest to receive the funds. If you have not signed up for direct deposit, a paper check will be processed and mailed.

Below are the step-by-step instructions on how to enroll in Direct Deposit:

1. Click "MyNJIT Login" on [www.njit.edu](http://www.njit.edu) and log in using your NJIT UCID and password
2. Click on "Student Services" in the left-hand column
3. Click on the link "Create/Update Direct Deposit Allocation" in either the My Bursar Account or the Online Services section of the page
4. Click on "Add New" in the Accounts Payable Deposit section of the page
5. Click "Create New"
6. Enter Bank Routing Number, Account Number, and Select Account Type (click "i" by each for more information).
7. Check the authorization box and Click "Save New Deposit".
