

Use the style "Heading 1"
Use all CAPITALS.

APPENDIX A (Optional)

SAMPLING SITES

Give the title for this appendix. Use the style "Normal" Use all CAPITALS.

A short description of the appendix is given

Figures A.1 to A.12 show sampling locations at YPG and APG sites.

Figures are centered and are identified in the caption after the figure with a title **Figure X.x** in bold (where X is the chapter number and x is the figure number). Use the style "Figure and Table Title"

Figure A.1 Regional Map Depicting Yuma Proving Ground (U.S. Army YPG, 1999).
Source: Source of figure X.x (Must be in 10 points)

Sources are identified below the Figure Description using 10pt and use the style "Figure and Table Source"

Depending on the style you have chosen, you can use
1) Full text of the reference
2) Number of the reference in brackets [#]
3) Author and year

APPENDIX A (Optional)

SAMPLING SITES

Figures A.1 to A.12 show sampling locations at YPG and APG sites.

Figure A.1 Regional Map Depicting Yuma Proving Ground (U.S. Army YPG, 1999).
Source: Source of figure X.x (Must be in 10 points)

Use the style "Heading 1"
Use all CAPITALS.

APPENDIX B (Optional)

Give the title for this
appendix. Use the style
"Normal" Use all CAPITALS.

PARAMETER SENSITIVITY ANALYSIS RESULTS

A short description of
the appendix is given

Parameter sensitivity analysis results for each receptor in both APG and YPG sites are provided in the following Tables.

Tables are identified in the
header with a title **Table
X.x** in bold (where X is the
chapter no. and x is the
table number) Use the
style "Figure and Table
Numbers"

Table B.1 Sensitivity Analysis, Terrestrial Animals, APG

Table x.1	Filler Text	Filler Text	Filler Text
x	x	x	x
x	x	x	x
x	x	x	x
x	x	x	x

Source: Source of table X.x (Must be in 10 points)

Sources are identified below
the table using 10 points,
and use the style "Figure
and Table Source"

Depending on the style you
have chosen, you can use
1) Full text of the reference
2) Number of the reference
in brackets [#]
3) Author and year

APPENDIX B (Optional)

PARAMETER SENSITIVITY ANALYSIS RESULTS

Parameter sensitivity analysis results for each receptor in both APG and YPG sites are provided in the following Tables.

Table B.1 Sensitivity Analysis, Terrestrial Animals, APG
