

INSPIRING YOUNG MINDS FOR COLLEGE ACCESS AND SUCCESS IN

SCIENCE, TECHNOLOGY, ENGINEERING AND MATHEMATICS (STEM)

NJ Forensic Science Education Conference

Save the Dates – June 30, July 1 & 2 M–W 8 a.m.–3 p.m.

The NJFSEC offers middle and high school teachers and supervisors an opportunity to learn practical content and techniques to teach Forensic Science to their students in Grades 6-12.

Our 4th Annual Conference will feature new sessions.

Program features:

- Hands-on lab work in our dedicated Forensics Lab for Forensic Biology and Chemistry led by university professors with field expertise
- Crime Scene Investigation (CSI) in our actual and virtual Crime Scene Labs led by professional CSIs
- Lunch speakers featuring forensic science practitioners
- Learning from experienced high school forensic science teachers
- Networking opportunities to support your curriculum planning

Reserved, on-campus parking
