

NJIT Veteran Students Organization

Who are we?

We try to bridge the gap between military and civilian life by providing resources and outlets to make a student veteran successful. We offer specialized workshops to develop professional skills and employee information sessions to network and aid in employment.

What is the VSO?

The Veteran Students Organization aims to ease the transition for veterans to our higher education institution, supporting them by addressing veteran and scholarly needs and concerns throughout their time at NJIT, and preparing members for graduation and beyond. The VSO helps to facilitate various ceremonies and memorials for September 11th, Memorial Day, and Veterans Day. The VSO is a chapter of Student Veterans of America.
